

Our commitment to servicing our customers with quality product at competitive price and on-time delivery is backed by our continued investment in our equipment. Our employees and in our systems . ABIS is a full service molding that a 12 000 square foot facility housing our molding department in-housing mold making , quality control. Warehousing secondary operations and offices , If we find a client's product concept would be too costly to manufacture . We will assist the customer in designing parts that not only can be manufacture but one that can be made cost-effectively from prototype to production. With our extensive experience we are confident . We have the solution to your next injection molding application.

## Product Description

Part Name	Silicone 4 balls round sphere s haped ice cube mold
Description	Medical Devices
Country of Original	ShenZhen, China (Mainland)
Brand Name	ABIS
Lead Time	35-40Days

## Payment Terms

1. T/T: 40% Deposit,30% upon T1 Sample,30% Balance before shipment
2. L/C: irrevocable 100% L/C at sight.

## General Information

Item#	Item	Description
1	Product Name	Silicone 4 balls round sphere shaped ice cube mold
2	M o l d b a s e	LKM;HASCO;DME
3	Shaping Mode	Shaping Mode
4	Plastic Material	Silicone, Food Grade Silicone
5	Feature	Eco-Friendly, Stocked
6	Color	Any
7	Weight	132g
8	Design software	UG,PROE,CAD,SOLIDWORK
9	Size	12*12*5 cm
10	Design	Drawing offered by clients or by our engineer
11	Usage	Make Ice, Wine Promotion, Chocolate Candy Jelly, etc
12	Transportation	By sea, by air or by land as you request
13	Package	According to clients requirement
14	Mold Life	1000,000-3,000,000shots

## Processing Equipment

NAME OF MACHINE	BRAND	Q'TY	PLACE OF ORIGIN
CNC	DMG	1	Germany
CNC	YCM-FP66A	2	Taiwan

EDM AQ35L	SODICK	3	Japan
Wire EDM AQ327L	SODICK	2	Japan
EDM	CHARMILLES-35P	2	Swiss
EDM	TAIWAN NUMERIC CONTROL	6	Taiwan
Wire cutting machine	QIGNYUAN	4	Shanghai
digital display milling machine	YINGSHUN	8	Taiwan
digital display grinding machine	SUHRE	8	Taiwan
Injection molding machine	HAITIAN	11	China
3 Dimension Coordinate	DABAO	1	Taiwan
JD12-300digital display projection apparatus	PROJECTOR	1	China

## Company

## Information

ABIS was founded in Shenzhen China, adjacent to Hong Kong, in 1996, has its own factory of 12,000 square meters. With the advanced facilities from Germany, Swiss and Japan, and a highly experienced design and engineering team, ABIS builds multi-cavity molds to exacting tolerances, providing the critical structural foundation for leading manufacturing companies to produce high precision mold.

## 认证证书

此证书授予

深圳市艾比斯精密五金塑胶有限公司

认证地址：深圳市宝安区西乡街道西乡社区股份合作公司工业园D栋 5楼

符合 ISO/TS 16949:2009 质量管理体系标准

认证范围：

塑胶制品（把手）的生产（不包括 7.3 产品设计）

证书号	发证日期	有效期至
17180200000000000000	2017年11月23日	2019年11月23日
17180200000000000000	2018年11月23日	2020年11月23日

发证人： 认证经理

URS 中国有限公司 深圳分公司 宝安区西乡街道西乡社区股份合作公司工业园D栋 5楼

## Certificate of Registration

This certificate has been awarded to

**Shenzhen ABIS Precision Hardware Plastic Co. Ltd**  
 Floor 5, Building C, She Bei Li Ying Ke Industrial Park LongDong Community, Longgang Street, Longgang District, Shenzhen City, Guangdong Province, China

in recognition of the organization's Quality Management System which complies with

**ISO/TS 16949:2009**

The scope of activities covered by this certificate is defined below:

**Manufacture of Plastic Parts (Handles) (Excludes Product Design under Clause 7.3)**

Certificate Number	Date of Issue of Certification Cycle
17180200000000000000	23 January 2017

Issue No: 1      Expiry Date: 14 September 2019      IATF No: 0210005

Issued by: On behalf of the Certification Manager

## QC Control

### Mold Making QC main steps

Mould Design Control : Design review checklist before submitting to the customer. We will not start the steel purchasing work until get your written approval on our mold drawing.

Incoming quality control: all steel material and outsourcing standard components will be checked to ensure that they are in accordance with the BOM(QTY and material/components name specified).

In process quality control: all the machining and assembling process is under control, we have QC team to check and supervise the tolerance and processed surface to satisfy the requirements. (Mould Steel Hardness Inspection, Mould Electrodes Inspection, Mould Core and Cavity Steel Dimension Inspection , Mould Pre-Assembly Inspection )

Final quality control: within 3 days the completion of the plastic mold, we will have a thorough check for the main size of the molded plastic sample and mold to ensure that the critical or full dimension (if required) are within tolerance.

Mould Pre-Shipment Final Inspection : Free-fumigation three-plywood case packing; make sure the mold is conformity to the approved mold drawing. The spare components and easily broken components and the electrode (if required) are packaged, as well as the mold drawing and some certificated.

### Plastic Molding QC main steps

Vernier caliper measurement is performed by trained operators when the first product is produced on our machine, we check the contour dimension and assembly status (if exist) to identify if any

The molded parts are then inspected again by experienced QA department for the full dimension, especially the critical dimensions set by customer. If quality result was recorded at the same time. Result will be to our QC Supervisor directly. If unqualified dimensions (if exist) are caused by uncontrolled factors or our mistakes and we will take the related actions to improve it.

We will trustily report the T1 result to customer and send T1 samples to customers for checking. Sometimes T1 samples need improvement. If more samples are required by customer at first, we will take actions to improve the mold to make sure the parts have 0 defects. No shrinkage, warpage, flash, streak, air bubble, step line, ejector mark, and dimension within tolerance.

Package inspection: make sure QTY/color and weight are correct.

## Packaging & Shipping

**Our ABIS Family**

## Why choose us?:

1. More than 20-years experience.
2. ISO9001:2008 certificated.
3. Competitive price with high quality.
4. More than 50 machines support to run the business.
5. Custom R&D program coordination.
6. Expert technicians.
8. Diligent and loyal workforce.
9. Up-to-date software.
10. International standards, SAY, HASCO, DME, MISUMI, etc
11. Well-rounded after service.

## FAQ

1. Are you factory?

Yes, we are direct factory, professional on plastic mould, plastic and hardware parts.

2. I have no drawing, how I should do to start the new project ?

You can supply a sample, we will help to finish the 3D drawing design.

3. What is your shipment way?

Sea shipment , air shipment, express shipment for small quantity.

4. Before shipment, how to make sure the products quality?

If you don't come to our factory and also don't have the third party for inspection, we will be as your inspection worker, we just require your trust. We will supply you a vedio for production process detail include process report, products size, structure and surface detail, packing detail and so on, so you will feel you are in our factory.

5. How is your after-sale service?

We have a very good reputation for our after-sale service, we bear all problem responsibility if they are ours, timely reply and satisfied solving is our strength. Your problems are ours too. So you never need worry the after-sale service.
